

energetic cladding system with  
integrated photovoltaic panels

**PIZ**  
cladding systems

**Multifunctional BIPV (building integrated photovoltaic system)**

**Thermal and acoustic insulation**  
with a rock mineral wool layer

**Reaction to fire B-s 1,d0**  
verifid by SBI laboratory test

**Dry installation**  
quick and easy installation

**Green energy production**  
integrated photovoltaic glass layer to  
produce up to 180 W/m<sup>2</sup>
